Cluster basics

Name	my-gke-cluster	
Mode	Standard	
Location type	Zonal	
Control plane zone	us-central1-f	
Default node zones	us-central1-f	
Total size	1	
Release channel	Regular channel	
Version	1.33.3-gke.1136000	
Current COS version	cos-121-18867-90-77	
End of standard support	Aug 2, 2026	
End of extended support	Jun 2, 2027	
Rollout sequence	To use rollout sequencing, register your cluster to a fleet	

Upgrades

Auto-upgrade status	Active	
Minor version auto-upgrade target	Not set	
Patch version auto-upgrade target	Not set	
Upgrade history	Show upgrade history	

Automation

Maintenance window	Any time	
Maintenance exclusions	None
